

# Ripple Rock

## *An explosion of flavour*

Campbell River's 1958 Ripple Rock explosion is the inspiration for our latest single malt whisky. It has spent 6 years in American oak before finishing for 18 months in an alligator charred Virgin Oak cask. Shelter Point Ripple Rock explodes with intense flavours of chocolate, spices and vanilla! This release is 47% ABV and contains casks that are at least 8 years old.

### **Tasting Notes:**

On the nose, The Ripple Rock has distinct notes of vanilla with a slight chocolate note. The palate is spicy with an intense chocolate flavour all leading to a wonderfully satisfying finish that is long with an assortment of spiciness, chocolate and vanilla

### **Shelter Point Farm and Distillery**

Established in 2011, Shelter Point Distillery is located on 380 acres in Oyster River, BC, about halfway up the eastern side of Vancouver Island on the west coast of Canada. The land encompasses 2,000 metres of spectacular oceanfront, a natural mosaic of streams, a salmon-bearing river, wetlands, forests and fields — all shared with native wildlife, from bald eagles and great blue herons to black tailed deer and black bears. Farmed for generations, Shelter Point remains one of the last seaside farms on the Island.
